On November 17th, 2018 MSU's *Prevention, Outreach, and Education department* will be hosting the third annual Activating our Campus (AoC) conference. The purpose of the conference is to convene student activists who work in the prevention, education, research, or outreach of relationship & sexual violence, intimate partner violence, unhealthy relationships, and relating topics. The ultimate goal of the conference is strengthening of a community of activists while engaging in critical discussion and promoting important educational outcomes. Stay tuned for more information as the conference develops.
