Important Message from MSU Student Food Bank:

MSU Student Food Bank is currently going through a system upgrade. While the normal process/links may not work at this time, they want you to know that the food bank is still operating!

As they work towards upgrading to a new and improved system, a temporary online sign-up process has been implemented to ensure continued support for students.

What to know:

- **Temporary Online Sign-Up:** Students can easily register and place their orders using the following link: [Order Link](#).
- **No Confirmation Email:** Students will not receive a confirmation email after placing their order at this time.
- **Arrival Time:** We kindly ask students to arrive during the hour they selected for pick-up.
- **Order Cut-off Time:** For orders placed after 10:45 am for same-day pick-up, students will need to fill out a paper form upon arrival.
- **Patience During Transition:** We appreciate everyone's patience and understanding as we transition to this new system.
- **Set More:** We are no longer using the Set More system to schedule pickups.

If students have any questions or need assistance, they are welcome to reach out to us at foodbank@msu.edu. We are here to help and ensure everyone receives the support they need.
